**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for the examiner's amendments of claim 22 was given in a telephone interview with Rick Shoop (Reg. No. 45,763) on September 27, 2005. Claims 14, 15, 17-21, 23 and 24 are cancelled as being non-elected and withdrawn claims.

The application has been amended as follows:

Please cancel claims 14, 15, 17-21, 23 and 24.

In claim 22, line 8, deleted "signals" and inserted --signal-- in lieu thereof,

In claim 22, line 10, inserted --the-- between "at" and "selected".

Art Unit: 2862

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

Regarding claim 22, the prior art does not disclose processing the generated signal, which is correlated with the selected polar coordinates, in a spectrum analyzer to identify the servo bursts, and comparing the identified servo bursts in the generated signal with the expected servo bursts, in the manner recited in the claims and in combination with the other features of the claim. Claim 25, depending from claim 22, is allowable for the same reasons therefor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
